

## Ritter M11 UltraClave® Automatic Sterilizer

The Ritter M11 UltraClave® Automatic Sterilizer... is now more reliable and convenient than ever!

- **New Modern Fresh Look**  
We changed the look of the Ritter M11 to give a more modern appearance, allowing it to fit in with newer, more contemporary offices.
- **Quiet Door Operation**  
Load it... set it... and forget it. That's it! Once the sterilization is complete, the door opens automatically, and now quietly, to dissipate the steam... allowing fast drying time for instruments. Its unique 11" x 18" chamber gives it the distinction of the most sterilizing capacity of any standard countertop sterilizer on the market.
- **New Pulse Air-Removal Technology**  
The Ritter M11 now contains electronic bellows that purge air from the chamber three times prior to sterilization for more efficient air removal.
