Wolf's ID Printers & Cards

The Auto ID printer has an adjustable exposure timer. Set the timer, insert the ID card, and press the exposure plate. The Manual ID printer operates the same but does not have an adjustable exposure timer. They both operate on 110/120 AC. Our 3" x 5" ID cards come printed with blanks for patient ID, and can be custom imprinted with your name and address (1,000 per box).

Trimline Series Illuminators

Wolf's Trimline is the perfect viewbox for any office or Hospital. Trimlines come in your choice of lighting intensities. You can choose from 2, 3, 4 or even 6 bulbs per viewing section, (14 x17). All come with film activated auto switches and roller grip film retainers. Trimline's are only 3-1/4" deep; perfect for either surface or recess installation (recess kits sold separately). Any Trimline style can be ordered in multiple configurations (call for information). Cluster switching standard on multiple bank models higher than 2 over 2. All Trimlines are UL and CSA approved. Single bank 14 x 17".

6920-29001	Trimline Plus Hi-Lo (6 bulbs per section)
6920-29401	Trimline Plus (4 bulbs per section)
6920-23401	Trimline 3 bulb (3 bulbs per section)
6920-21401	Trimline Regular (2 bulbs per section)

For 2 panel units replace the last number (1) with a 2 on any models listed above.

Wolf Liberator Illuminator

The new Liberator series is the most unique viewbox ever made! The grip assembly is attached to the plexiglass for perfect film grip tension, and the entire panel is held in place magnetically for quick and easy access! You can order your Liberator in 4 or 6 bulbs per viewing section, (14 x 17). Comes with film activated auto switches and roller grip film retainers standard. Liberator's are only 3-1/4" deep; perfect for either surface or recess installation (recess kits sold separately). Either Liberator style can be ordered in multiple configurations (call for additional information). Cluster switching standard on multiple bank models higher than 2 over 2. Liberators are UL & CSA approved. Single bank 14 x 17".
6920-22901	Liberator Hi-Lo (6 bulbs per section)
6920-22801	Liberator (4 bulbs per section)

For 2 panel units replace the last number (1) with a 2 on any models listed above.

Econoline Series Illuminators

The most economical illuminator available, The Wolf Econoline features two 15 watt fluorescent lamps and instant-on ballast to assure flicker free operation, and uniform light intensity. The Econoline's 3 inch depth makes it easy to wall mount. The Econoline comes with a baked on white finish, a magic grip film retainer and an 8' line cord with a 3 prong plug.
