

## Ritter 204 Examination Table

The Ritter 204 Manual Exam Table. Featuring the latest in design, comfort and functionality in a manual exam table, it truly offers efficient patient care.

Features, such as one-piece seamless drawers have easy-to-clean rounded edges and are designed to contain spilled fluids, keeping them from other areas of the table, thereby improving infection control. The ergonomic design of the upholstered top is as soft and comfortable as it looks, leaving your patients feeling more relaxed. The one-piece, seamless upholstered top can be easily removed without tools, allowing a thorough cleaning or a quick upholstery color change. We increased the size of the footstep to allow patients to feel more secure and get on the table more confidently... putting minimal strain and stress on physicians or their staff. The step has an easy-to-clean, slip resistant surface with rounded edges for added security. Three spacious side drawers provide plenty of storage volume for gowns, drapes, and other items, yet are made to help organize your assortment of smaller supplies and bulk supplies. In addition, there are two front drawers for easy access to items during pelvic exams. The Ritter 204 is designed to safely support 500 pounds. Available in 7 standard Ritter colors

## Midmark 604 Full-Featured Examination Table

The 604 not only looks great... but is the best exam table on the market.

The 604 is user-friendly as its pneumatic cylinder assists in easily placing the counterbalanced top in an infinite number of positions. Release handles on both sides of the top section make positioning easy. A unique

Shown with optional Ultra-Premium upholstery

“flex” storage concept allows changing to either right-hand or left-hand access without the use of tools. Unique elastomeric material stretched over a seat cut-out is designed to enhance patient comfort for a “chair-like” feel in an exam table. The upholstery is removable and available with optional heater. The Exam Assistant™ Fold-Down Drawer System provides an area to store basic pelvic and examination supplies at your fingertips. Its unique fold-down front can also turn into a work shelf for examination assistance. A large foot step, with a new rubberized, easy-to-clean pad makes this footstep slip-resistant. The large footstep has bright yellow edging to assist the visually impaired in seeing the step edges clearly. The solid construction of this table can support larger patients up to 500 pounds, as well as provide many years of use. Available in 6 solid colors, 6 designer patterns and 6 ultra-leather upholstery colors.

4443-604 Midmark 604 Full-Feature Examination Table

## Ritter 222/223 High-Low Power Examination Table

The new industry standard, the Ritter 222/223 lowers to 18 inches, making it easier for patients to get on the table... without putting excess strain on the patient, physician or staff. The incredible low height makes the Ritter 222 accessible for all patients such as elderly, expectant mothers or patients with disabilities. Once a patient is on the table, with a touch of the foot control, the Ritter 222/223 allows precise patient positioning with minimal effort on everyone's part. Dimensions: 26.5" W x 57.5"L (Extends to 74.5"), Height Min. 18", max. 37". Available in 7 different colors.

## Ritter 264 Dressing Nook

The Ritter 264 Dressing Nook gives your patients the privacy they want, yet at 6 3/4" deep when closed, you'll hardly know it's there. It looks like a door. But open it, and it becomes a three-walled dressing chamber. There's even an acrylic mirror and room for a chair. Available in 7 standard Ritter colors.

## Midmark 75L and 75LP Full-Featured Procedures Tables

To help keep you and your staff fresh and alert all day, the Midmark 75L does the heavy work. Full eight-way power,

essential low height, unprecedented patient comfort and a multitude of efficiency features significantly improve your practice, making the Midmark 75L the table of choice. With a low height of 19 inches and an exclusive Premium Comfort System(tm), the 75L provides easy access for patients who are pregnant, elderly, or have disabilities. This drives efficiency into your practice by enabling patients to access the table themselves, while helping you and your staff position patients quickly and efficiently. Not only can the Midmark 75L be used in Family and General Practice, but also in OB/GYN, Internal Medicine, Dermatology, Plastic Surgery, Colon and Rectal, General Surgery, and other specialties. And, with over 30 accessories to choose from, you have the flexibility of ordering just what you need. Our goal is to make your practice more productive by offering the Midmark 75LP model, which includes the additional feature of programmability. You can simply program the table to your four favorite positions, and it will move quickly and precisely, every time. Available in 6 solid colors, 6 designer patterns and 6 ultra-leather upholstery colors.

## Ritter 75e Procedures Table

As the practice of medicine changes, more procedures are being performed in the office than ever before, making efficiency essential. Sometimes positioning patients can be a difficult task when dealing with the less mobile, elderly, and special needs patients. The Ritter 75e

Power Procedures Table, with its 22.5" low height and multi-positioning capabilities, improves office efficiency by allowing you and your staff to easily position patients with the touch of a button; reducing the likelihood of fatigue, back and neck strain, and workplace injury. The Ritter 75e is a power procedures table with basic features, making it very affordable. Better yet, the Ritter brand has been providing quality products to clinics for over 50 years and is recognized as an industry leader. With knee-chest positioning, the foot support can be easily reconfigured, and the table properly positioned, to set up the knee-chest position for colon and rectal examinations and procedures. Available in 7 standard Ritter colors.

4443-75-019

Midmark 75e Procedure Table

## Ritter 244 Bariatrics Treatment Table

With an 850 pound patient weight capacity, the Ritter 244 is ready, willing, and able to safely lift your special needs patients time and time again. By lowering the seat to 18 inches, the Ritter 244 performs this sometimes difficult task. It becomes a very simple routine requiring minimal assistance from you and your staff. The patient's dignity is maintained and the likelihood of injury is greatly reduced, thus providing efficient patient care. The Ritter 244 raises the seat to a height of 34 inches, effectively bringing the patient to you while helping minimize the stress and strain on your back. By having the patient in the right position, the exam can be completed properly and efficiently. The Ritter 244 features a 32-inch wide seat that offers unsurpassed patient comfort and support for your special needs patients. The seamless design of the upholstery looks great and offers an easy-to-clean surface. The thick foam padding with built-in pillow provides the comfort your patient deserves. Available in 7 standard Ritter colors.

Shown with optional Adjustable Arm System

## BrewerAssist

POWER PROCEDURE TABLE

Having set out to design the most technologically advanced power procedure table available, The Brewer Company consulted with doctors and nurses across the country. The result is Brewer Assist Power Procedure Table-- the lowest, safest, and easiest to use power procedure table on the market. The Brewer Assist was the first to lower to 19", making wheelchair transfers and patient accessibility effortless. Brewer Assist also safely supports 450 pounds, has a full three-year warranty, and a convenient leg rest that extends an additional 5". It's easier for the physician and more comfortable for the patient.

- 19" height --lowest available
- Safely and easily transfers wheelchair bound patients
- Safely handles patient up to 450 pounds
- Extendable 5" leg rest provides comfort for taller patients
- Exclusive, infinitely adjustable 3-point pivot headrest
- 3-year warranty
- Easy to clean seamless upholstery
- 40" high height
- Holds 18" or 21" table paper
- Intuitive foot and hand controls
- 18 standard upholstery colors to match any exam room décor
