

Welch Allyn® PanOptic™ Ophthalmoscope

In 1915, Welch Allyn invented the direct illuminated ophthalmoscope. In 2001, Welch Allyn reinvented the ophthalmoscope with PanOptic™ which incorporates an innovative and patented new optical design called Axial PointSource™ Optics. This enabling technology makes it easier to enter small pupils and provides a dramatically wider, more panoramic view of the fundus that's 5x larger than ever before achieved with a standard ophthalmoscope in an undilated eye. The PanOptic™ works with all of your Welch Allyn, 3.5 volt handles, whether rechargeable battery, desk charger or wall mounted.

6783-11820 PanOptic™ Ophthalmoscope Head w/Cobalt Blue Filter

Welch Allyn® 11720 Halogen Ophthalmoscope

Six apertures for all general & specialist uses. Microspot aperture allows quick visual entry in very small, undilated pupils. 28 lenses from -25 to +40 diopters for better resolution. Cobalt blue filter for detecting corneal abrasions. Illuminated lens dial clearly identifies diopter setting. Coaxial optical system produces shadow-free spot viewing.

6783-11720 3.5v Standard Ophthalmoscope
6783-04900-U Halogen Replacement Lamp

Welch Allyn® CompacSet™ Portable Diagnostic Set

Quality diagnostic set features a full-featured ophthalmoscope and otoscope folded away inside a single handle. The compact ophthalmoscope features halogen illumination, 48 lens combinations, five apertures, and a circular polarizing filter. The otoscope features cool, fiber-optic light transmission, a magnifying lens, and a built-in throat illuminator. Air-tight for pneumatic otoscopy and compatible with all Welch Allyn ear specula. Both instrument heads swivel to allow access from any position. Small enough to fit any pocket, it weighs just 8.5 ounces.

6783-92000 CompacSet™ Diagnostic Set w/AA Batteries & Case
6783-92100 CompacSet™ Diagnostic Set w/Rechargeable 2.5v Nickel-Cadmium Battery, Charging Transformer & Case
6783-92820 PocketScope™ Set with Hard Case
6783-92821 PocketScope™ Set with Soft Case

Welch Allyn® 3.5v Halogen Diagnostic Sets

These sets feature the coaxial ophthalmoscope.

Ophthalmoscope & Otoscope In Case

6783-97250-M Set
6783-11720 Ophthalmoscope
6783-23810 Microview Otoscope
6783-71000-A Handle
6783-05259-M Case
6783-06500-U Otoscope Replacement Lamp
6783-04900 Ophthalmoscope Replacement Lamp

Ophthalmoscope Illuminator, Otoscope/Throat & Nasal Illuminator In Case

6783-97210-M Set
6783-11720 Ophthalmoscope
6783-23810 Microview Otoscope
6783-26550 Nasal Illuminator
6783-71000-A Handle
6783-05259-M Case
6783-06500-U Otoscope Replacement Lamp
6783-04900 Ophthalmoscope Replacement Lamp

Welch Allyn® 3.5v EpiScope® Skin Surface Microscope

Helps distinguish pigmented skin lesions such as basal cell carcinoma vs. malignant melanoma by providing the ability to magnify, illuminate and measure.

- Provides 10 times magnification and illumination for crisp, clear viewing
- Reticle contact plate facilitates measurement and tracking of lesion growth
- Fits any 3.5v Welch Allyn power source
- Halogen illumination for true tissue color
- Free reference guide available for patient education

6783-47351-SM 3.5v EpiScope with Rechargeable Lithium Ion Handle
6783-47300 3.5v EpiScope (Head Only)
